How to get started with Appulate

Get started with Appulate and QuickComp by **contacting your Underwriter** to request an account. Already have an account? Simply log in.

Download the Appulate Uplink Printer Driver.

Easily upload data through your system print options.

- Click **TOOLS** at the top of the screen.
- Select **APPULATE UPLINK**.
- Click **DOWNLOAD UPLINK DRIVER**.
- **INSTALL**.

Note: Outlook users, please close Outlook before installing.

Add MEMIC as a Selected Market.

- Under the **MARKETS** tab, select **AVAILABLE** and search for MEMIC.
- Click the [+] icon in the **SELECT** column to add MEMIC to your selected markets.

Submit Insured Data with Ease.

Appulate offers two options for submitting insured data.

1. Start with a Complete ACORD App:

Appulate seamlessly transfers the data into the platform, eliminating the need for rekeying. Simply open your completed ACORD form in a PDF or your management system and print it to the Appulate Uplink printer.

2. Start in Appulate without a Filled-Out ACORD Form:

- Log in to Appulate.
- Click on the blue **ADD NEW CUSTOMER OR PROSPECT** button at the top-left corner.
- Choose the insured type as **BUSINESS**. Enter the necessary insured data.
- Click **CONTINUE**.
- Then, select the **LINE OF BUSINESS**, **EFFECTIVE DATE**, and **EXPIRATION DATE**.
- Click **CONTINUE**.

Submit Quote to MEMIC.

- In the **QUOTE REQUEST** view, select MEMIC as the market for which to submit the quote.
- Click **REQUEST QUOTE** and complete the required information on the questionnaire.
- Click **FINISH SUBMISSION** *again* to be redirected to MEMIC QuickComp.
